## A. Shipyard under construction

25X1D

### Description:

1. Probable covered building dock under construction; walls up, no roof, overall 490 ft by 390 ft; inner present dock area 450 ft by 50 ft; width of possible opening on marine side of building 50 ft; cofferdam on marine side of building.
2. Open, possible launch and building ways areas; launch area 500 ft by 430 ft; possible foundations for two pairs of rails on launch area; level area inland of launch area possibly comprises building ways.
3. Sub-assembly and shop buildings; five large buildings: 310 ft by 290 ft, 390 ft by 200 ft, 290 ft by 160 ft, 230 ft by 160 ft, 550 ft by 80 ft; nine or more smaller buildings.
4. Probable fitting-out quay, 410 ft long.
5. Shipyard fenced and traversed by railroad and roads.
6. Possible concrete mixing plant and unidentified industry south of shipyard on reclaimed land.

## C. Probable Naval Missile Handling Facility

25X1D

### Description:

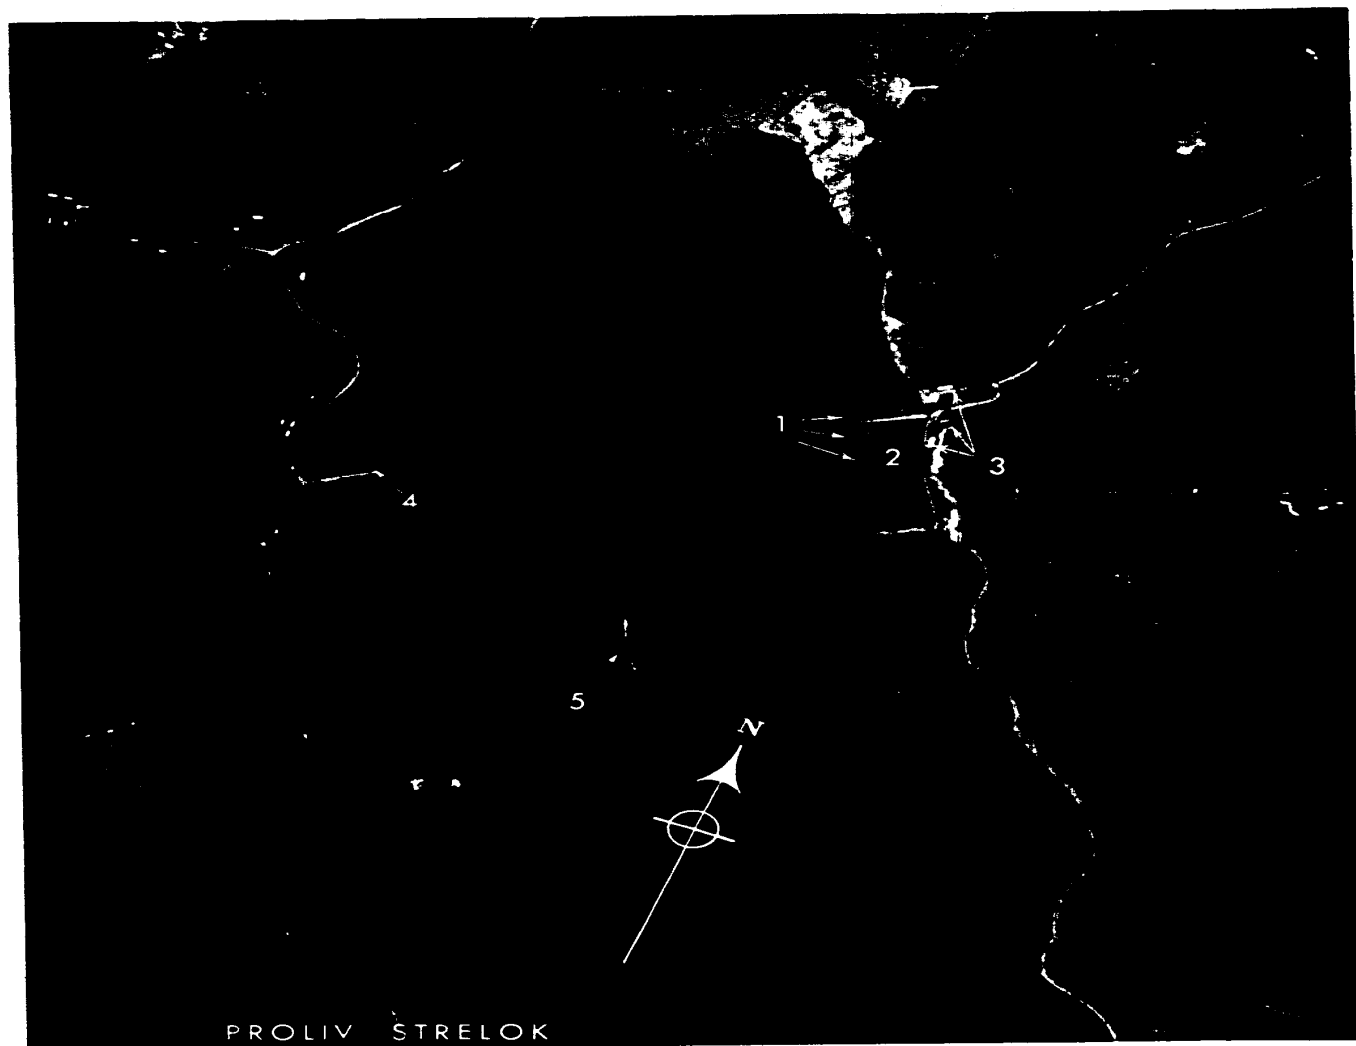

1. Two probable "Krupnyy" Class DDG's and two unidentified vessels.
2. Quay area 1300 ft long, 150 ft-200 ft wide, extending between two piers, each 550 ft by 50 ft.
3. Three small buildings, two on quay area, one near road terminus, largest 100 ft by 75 ft.
4. Pier, 580 ft by 50 ft; small craft alongside.
5. Probable Sverdlov Class CL (690 ft). The area is road served.

D. Dunay Naval Supply Depot

25X1D

Description: Expanded facilities indicate possible missile handling capability for SSB.

1. Approximately 12 new buildings, largest 160 ft by 80 ft.
2. Quay, 660 ft long backed by cleared area 90 to 100 ft wide.
3. Pier 240 ft by 30 ft, probably new.
4. Possible "G" Class SSB, approximately 1000 ft SE of pier.
5. Floating drydock approximately 400 ft by 60 ft. The area is road and rail served.

## E. Probable Naval Base (New)

25X1D Location: [REDACTED] Located in a small bay on the east side of  
Proliv Strelak

25X1D

### Description:

1. Four piers, possibly of masonry and wood, dimensions N to S: 660 ft by 50 ft, 550 ft by 50 ft, 320 ft by 50 ft, and 540 ft by 50 ft. Small craft alongside.
2. Causeway, probable masonry, 575 ft by 50 ft; connects island with mainland.
3. Six possible shop buildings behind piers; largest building 240 ft by 70 ft.
4. Area of probable covered storage, approximately 20 buildings; largest 175 ft by 100 ft.
5. Housing area of approximately 12 buildings. The area is road served.
